The Impact of Simple, Safe & Secure charging?

↑ Dwell time
3.85+ million extra customer hours minimum

With an average charge lasting 21 minutes, ChargeBox has added at least an extra 3.85 million hours of customer dwell time across the 41 shopping centres.

↓ Customer Anxiety

76%* of shoppers admit they feel anxious if they can't use their phone.

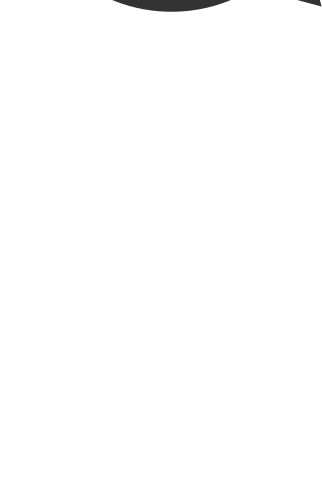

Shoppers clearly rely on their phones to keep connected whilst shopping. 61% of shoppers said that the option to a 'lock and leave' ChargeBox influences their decision to visit the centre.

ChargeBox's British designed and manufactured charging stations help our clients to meet their goals by improving customer satisfaction and loyalty, increasing footfall and dwell time and ensuring customers stay connected. Whatever the sector, our safe and secure charging units - which include our patented 'Smart Lock' system - help keep people connected.
